Chromosome designs

03

Chromosome Designs is an Ahmedabad-based interpretive planning, exhibit design, and fabrication firm. Our mission is to create products and experiences that inspire people. Our core values guide us daily in achieving this mission.

Our client list encompasses a diverse array of venues, including nature parks, wildlife sanctuaries, museums, wildlife interpretation centers, zoos, science centers, and corporate lobbies. We believe in providing excellent customer service and stand behind our designed products, ensuring complete customer satisfaction.

The Chromosome Designs design team consists of an art director, a design manager, exhibit designers, graphic designers, an interpretive planner, researchers, and copywriters. Our experienced designers work through three progressive design phases, incorporating innovative ideas and value engineering. Throughout this process, we continuously ensure that each client's needs and demands are met within budget, resulting in a custom, one-of-a-kind design.

Our modeling talents cover a range of subjects, from animals and humans to botanical and comic themes. At Chromosome Designs, we love what we do, and it shows in our models. You can always expect unrivaled attention to detail and scientific accuracy, when applicable.
